REPRESENTING NORTHWESTERN
MUTUAL SINCE 2003.

The Northwestern Mutual Way

The ambition of The Northwestern has been less to be large than to be safe; its aim is to rank first in benefits to policyowners rather than first in size. Valuing quality above quantity, it has preferred to secure its business under certain salutary restrictions and limitations rather than to write a much larger business at the possible sacrifice of those valuable points which have made The Northwestern pre-eminently the policyowner's Company. Executive Committee, 1888

About Northwestern Mutual

- Established in 1857
- 3.3 million Policyowners and Clients
- \$24 billion in annual revenues
- Highest financial strength ratings awarded to any life insurer by all four major credit rating agencies

4/2012, Fitch Ratings AAA (highest),
8/2011, Moody's Investor's Service

My Mission

My mission is to serve those interested in making sustainable, thoughtful and prudent decisions about their own financial security with patience, integrity and professional knowledge.

Many people look back on their lives with regret; not for the things they have done, but for the things they have left undone. They find they are more successful than they thought they would be and saved less than they intended. They find themselves in situations that are more complex and less predictable than they anticipated.

That is where I come in. I take the time to get to know you and your preferences. I can help you anticipate and prepare for the best—and worst scenarios. The relationship I establish with you enables me to focus on your needs—what you want for your family and what you are currently doing.

The Northwestern Mutual Difference

Backed by the strength of Northwestern Mutual, my team and I provide you with a balanced approach to achieving your goal of financial security, assuring that your intentions have been understood and your needs are being addressed. And when it comes to implementing solutions, the full capabilities of Northwestern Mutual are leveraged to provide you with exclusive access to a comprehensive variety of products and services.
